A Million Reasons to Believe

During the first week of December, Neptune Middle School students participated in Macys' Tell Santa why you are one in a million campaign to raise money for the Make A Wish Foundation.

The Career and Technical Education department coordinated this school wide event with a goal of writing 200 letters to Santa and thereby raising \$200 for the charity.

Thanks to the support of the teachers and students, 617 letters were written to Santa and delivered to Macys. Macys will donate \$617 to the Make a Wish Foundation thanks to the caring students at NMS.
